Testimonials from the Royal College of Midwives for Donna Ockenden.

'I don't think I have taken the time yet to say a big thanks to you personally and professionally for all your recent hard work and support to me as the new Director of the RCM. What a great job you did at last weeks HOMS. Thanks so much for making my first HOMS meeting as Director so successful.

I would also like to say many thanks for the lovely visit we had when the General Secretary and I came to visit your maternity services. The General Secretary left your Trust impressed to see such strong leadership and commitment from the midwives and joined up thinking with the wider Trust. Please convey my thanks on behalf of the RCM for a wonderful day and tell them all to keep up the excellent work. Your culture is what midwifery is all about.

What a wonderful day I had in Portsmouth, thank you so much for your generosity and hospitality and for the opportunity to meet so many midwives and mothers. I was very impressed to see such vibrancy, happiness and contentment in a unit.

Once again, Donna, my heartfelt thanks to you and your team for making one of my last visits around the country as General Secretary a most memorable one.

I thought I would take the opportunity to thank you for your much appreciated contribution to the RCM conference. The forum went really well in my opinion and I have subsequently had very good feedback from delegates and colleagues. It was good to meet you and once again, on behalf of the RCM and personally, please accept my gratitude and thanks for your excellent participation in our debate.

Director of Employment Relations and Development - May 2006

On behalf of the Royal College of Midwives, I would like to take this opportunity to thank you for your contribution to the programme, which was key to the conferences success. The College was very impressed at the calibre of presentations made and feel that this is reflected in the delegate numbers present at all sessions, despite the very full programme. Thank you for your obvious efforts in this regard. Thank you once again for your continued support of the Royal College of Midwives.'
