

Wednesday 7th July 2021

Dear Mrs Ockenden,

I was suprised and delighted to be selected as the joint recipient of the Ockenden award 2021.

In these unprecedented times, children's wellness and mental health are paramount. The Crystal Kingdom Social Enterprise which I have been fundraising for is a social project for the local community. The project involves young ambassadors like myself doing free reading workshops in local primary schools to promote wellness and positive mental health. So it is a project I feel very strongly about. I also support the Great Osmond Street Hospital charity too as it is another charity that helps children. Your generous donations to both of these charities is so greatly appreciated.

Please accept my heart felt sincere thanks for giving the Ockenden award. It will further motivate me to continue with my charity work.

Kind regards,

J.
